

CONTROL REMOTO DAHUA PARA ALARMAS CABLEADAS

Marca:

Código del producto: ARA21-W

Disponibilidad: In Stock

Peso: 0.00kg

Dimensiones: 0.00cm x 0.00cm x 0.00cm

Short Description

Four-Key Remote Control

- >Arm/Stay arm/Disarm/SOS
- >LED indicator
- >FSK, OOK modulation modes
- >Frequency band is 434MHz by default
- >Max transmit power +10 dBm
- >Low consumption, current under sleep < 10nA
- >Under +10dBm output power, TX current is 19.8mA (FSK transmit mode)
- >Super-LOW current power down mode (30nA OFF current, 50nA standby current)
- >Data transmission rate: max 100Kbps
- >Battery voltage detection
- >128 bit AES encryption algorithm

Descripción

Four-Key Remote Control

- >Arm/Stay arm/Disarm/SOS
- >LED indicator
- >FSK, OOK modulation modes
- >Frequency band is 434MHz by default
- >Max transmit power +10 dBm
- >Low consumption, current under sleep < 10nA

- >Under +10dBm output power, TX current is 19.8mA (FSK transmit mode)
- >Super-LOW current power down mode (30nA OFF current, 50nA standby current)
- >Data transmission rate: max 100Kbps
- >Battery voltage detection
- >128 bit AES encryption algorithm
